DETAILED ACTION

Claim Rejections - 35 U.S.C. § 112

1. Claims 1, and 3-20 are rejected under 35 U.S.C. 112, first paragraph, as based on a disclosure which is not enabling. The step of treating the screened water through the membrane is critical or essential to the practice of the invention, but not included in the claim(s) is not enabled by the disclosure. See *In re Mayhew*, 527 F.2d 1229, 188 USPQ 356 (CCPA 1976).
2. Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 is unclear as to whether the waste water to be treated by the system is first treated by the screen and further the treated water is filtered by a membrane in the system. The step of treating by a membrane, producing a permeate and retentate is not included in the claims and the claims are therefore incomplete. Claim 6 is unclear as to what is intended. The term "mixed liquor" in the claims is unclear as to whether permeate, retentate or waste water feed stream is intended.
3. Claims 1, 5, 6, 10, 18, 19 recites the limitation ""mixed liquor"" in lines 5 and 6 of claim 1, line 2 of claims 5-6, and 10, 18-19. There is insufficient antecedent basis for this limitation in the claim.
